3 Is she done yet?
Is it too technical?
Did you write to her?
Was it difficult?
Can you hear me?
Is it translated?
The plane was packed with Dutch
holidaymakers.
What do you like better:
strawberries, or blueberries?
If everyone went to the library
regularly, people would read
better.
If you really can't come on
Saturday, we'll be very sorry.
In order to draw a triangle perfectly,
the lines must be straighter.

4 The North Wind and the Sun
were disputing which was the
stronger, when a traveler came
along wrapped in a warm cloak.
They agreed that the one who first
succeeded in making the traveler
take his cloak off should be
considered stronger than the other.

Then the North Wind blew as
hard as he could, but the more he
blew the more closely did the
traveler fold his cloak around him;
and at last the North Wind gave up
the attempt. Then the Sun shone out
warmly, and immediately the
traveler took off his cloak. And so
the North Wind was obliged to
confess that the Sun was the
stronger of the two.

Did you like the story? Do you
want to hear it again?
