Are you man? DO NOT WORK, DO NOT PAY TAX, **DO NOT MARRY!** Dont cooperate with officials!

-The state has no family-plans: it only have woman-plans. Free money and housing for woman and lifetime forced labour for men.

-We demand to outlaw child support! In the case of a divorce, it has 89% chance of the the wealth and children will belong to the woman only. The state should not take away the children from any of the parents!

-Discrimination in the judicature must be terminated! Currently, a man receives three times bigger sentence than a woman receives for the same criminal activity.

-Domestic violence, sexual abuse, sexual harrasment, and rape does not exist. If somebody injures someone, there are already laws to punish that. We demand to outlaw these laws, so a man cant be punished for imaginary crimes!

-End the discrimination of boys in the education system!

-Why every public office is full of woman who just sit around, without doing any useful thing, from the money of the state?
