See how far screaming Nazi will get you. Albeit learn before you start blogging. Unless you want to become gyurcsany #2. Or better yet learn English first as your monument gyurcsany has been trying to to no avail. Or the szdsz "ertelmiseg" they'd last two seconds in any other country buddyboy. Guess you don't speak it either so let's switch over to Hungarian.

Varj a sorodra baratom, nemsokara kopogtat az ajton.

Best wishes
